Small contributions of any type have the potential of making a huge impact.

Tuition Reduction Programs

Grocery Card Program: When you purchase grocery cards in the office, you will receive 3% credit that will be applied towards your tuition. We currently carry, Giant, Boyer's, Weis, and Redner's cards. You may stop in the office to make these purchases or send in a request & check/money with your student and we will send the cards home.

Scrip Program: When you purchase gift cards from the 400+ retailers participating in this program, a percent is rebated to TKA. These rebates range from 1-13%, with the occasional limited time specials that are offered. These rebates are split 40/60 between TKA and your tuition. You can order through www.shopwithscrip.com, using the code BE6FAAD67425. Print out your order and submit it along with your check to the office. Orders are placed in regular intervals throughout the year.
