

# THE King's Roar

November 2025

## A Race to Remember

From the moment I said, "On your mark... let's go!" the energy was contagious! Students of all ages ran, laughed, and cheered each other on, showing **incredible spirit and determination**. It was more than just a race. It was a celebration of teamwork, community, and school pride! Families, teachers, and friends lined the track, encouraging our runners and sharing in the fun. The joy and unity felt throughout the day reminded us of what makes TKA so special. It is a place where everyone comes together to support one another. The funds raised from this event go directly toward making TKA an even better place to **learn, grow, and thrive**. We're so proud of our students for giving their best and showing what it truly means to run with heart.

We want our students to know that their **enthusiasm and effort** matter and that every step they take helps build a **stronger, brighter TKA community**. What an amazing day of fun, fitness, and school spirit!

# Business Office Update

## Earn Money Off Your Tuition

Families can earn credit toward their tuition by purchasing Giant, Weis, or Redner's gift cards directly from the school office. These cards can be used for upcoming holiday meals, travel, or everyday shopping, and provide 5% back toward tuition.

You can also maximize your savings by using the RaiseRight program to purchase e-gift cards and physical cards from a wide variety of retailers, earning even greater tuition rebates.

## PA State Budget Impasse

At this time, we are still awaiting the Pennsylvania State Budget to be passed. As a result, approximately \$20,000 in supply orders remain on hold. We are grateful for our staff's commitment to staying within budget and continuing to provide an education of excellence despite these temporary funding constraints.

# Veterans Day

## Honoring Our Veterans

This Veterans Day, our school community gathered to honor the brave men and women who have served our country. We were blessed to welcome two special guests, Ian Yiengst, a father in our TKA community, and Craig Wojszwillo, who shared powerful reflections about their time in service.

Mr. Wojszwillo also spoke with our secondary students about the importance of remembering POW/MIA soldiers and presented the POW/MIA to The King's Academy. a moment of deep respect and gratitude for those who gave so much for our freedom.

We are truly thankful for these men and all who have served, and we pray that our students continue to value and honor the sacrifice of those who protect our nation.

*"Greater love has no one than this: to lay down one's life for one's friends." — John 15:13*

# Kickin' It!

## Our Lion Cubs Shine!

Our youngest athletes had an amazing first season with our On Mission U9 Soccer Program! The Lion Cubs played with so much heart, teamwork, and determination. It was a fun to watch them give their all on the field each week.

A special thank you to Coaches Malori Bender and Cherise Glunz. Your time and investment in our students helped make this first season a success.

We can't wait to watch these young athletes continue to grow in their soccer abilities and confidence in the years to come!

# Lion's Volleyball

By Jeremiah Reyes, 10<sup>th</sup> Grade

The Lions volleyball team saw massive improvements this season. The team went 4-6 earning a spot in the league playoffs. Brielle Klingel, a sixth grader, "Would 100% play next year." The team pulled together after a loss by encouraging each other to keep showing effort. "You definitely have to put in the work, and you can't slack off or else you won't get better," Brielle states.

Cassidy Schenkel, a fifth grader, got to play on the team and loved the experience. "I loved playing because the team was super supportive. We were all so excited when we made the playoffs for the first time. I would not change anything about the season because even though we lost the first playoff round, we still had a great time playing." Says Schenkel. Cassidy learned how to do an overhand serve.

Coach Burkert came in and allowed the team to learn and grow in a low pressure atmosphere suited to helping the team learn, "I was under no pressure, and it was the perfect environment to learn and improve our skills," Cassidy states.

# Campus Work Day

## Campus Work Day Success!

Our recent Campus Work Day was a huge success! Thanks to the incredible efforts of our facilities team and the families who volunteered, we were able to accomplish several important projects around campus.

We finished up work on the modular classrooms, hung new murals, and replaced lightbulbs to brighten our hallways and learning spaces. Each improvement, big or small makes a difference in creating the environment our students, staff and families have come to expect from The King's Academy.

We are so thankful for everyone who gave their time and energy to serve our school. Your teamwork is a great example of servant leadership in action!

*"Whatever you do, work at it with all your heart, as working for the Lord." – Colossians 3:23*

# Fall Fest!

Fall Fest was a fun evening filled with community, laughter, and a little friendly competition. Families enjoyed games, great food, and a chili cook-off while spending time together and enjoying a night of fellowship.

It was a good reminder that our TKA is more than a school. We are a community that cares for one another; events like this give us a chance to slow down and connect outside the classroom.

A big thank you to the Parent Teacher Fellowship and all the volunteers who helped make the event happen. From setting up and running booths to serving food and cleaning up at the end, your work made Fall Fest a great night for our school family.

“How good and pleasant it is when God’s people live together in unity!” — Psalm 133:1

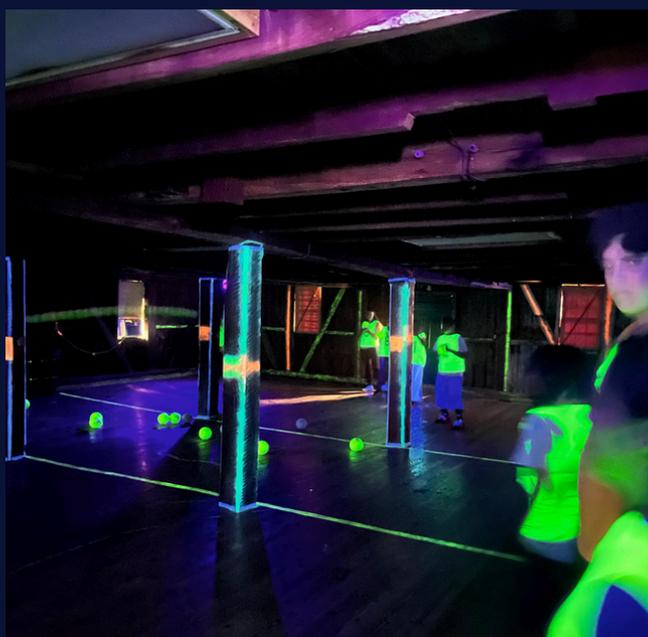

# The Retreat!

The King's Academy middle school and high school took a day trip for a spiritual retreat which started with Mr Reyes preaching from Jeremiah chapter one. We have to be bold in our faith. Jeremiah said that he could not speak because he was only a youth, but God is always with us to deliver us.

After the message, the boys got to go on row boats and canoes, while the Girls did a low ropes course. Lunch was provided by the camp; the menu featured pulled chicken and salad. After lunch, the students had some downtime, during which they could go outside and relax or play ball games. After the downtime, the students got to play glow-in-the-dark dodgeball, which was a hit, especially with the 6th graders.

# TKA Basketball
